

MORE ROADS TIED UP
AND PACKERS QUIT.PORK AND BEEF HANDLERS
SHUT DOWN.

General Prevalence of the Railroad Troubles Causes Disturbance In Other Interests—Chicago & Alton and Rock Island Feel the Burden This Afternoon.

CHICAGO, June 29.—There was little change in the railroad situation here at noon. The packing houses will probably close to-night through inability to make shipments. The Rock Island and the Chicago & Alton roads are to be tied up this afternoon. The Illinois Central moved some trains today, and the Pan Handle imported workmen who went to work at noon today. There was no trouble. The number of men now out on strike on roads whose entire systems are involved was roughly estimated by the general officers of the union at 85,500, divided as follows: Illinois Central.....20,000 Chicago & Alton.....10,000 Atchison, Topeka & Santa Fe.....15,000 Chicago & Eastern Illinois.....2,500 Northern Pacific.....15,000 Southern Pacific.....15,000 Denver & Rio Grande.....8,000

Total.....85,500 Every railroad entering Chicago which uses Pullman cars suffered more or less inconvenience yesterday as a result of the extension of the operations of the union. The strike has extended far beyond the ranks of the switchmen and shopmen, as engineers, firemen, conductors, brakemen, baggage men and freight handlers are now taking an active part in the struggle. The Union depot and the Northwestern station, heretofore free from difficulty, were tied up during a portion of the day and trains departed with irregularity. The tie up of the Illinois Central and of the roads entering the Grand Central station continued throughout the day and the Dearborn station, with all the railroads departing therefrom, was involved in troubles so serious that several trains on those roads were delayed temporarily.

The employees of the Union Stock Yards and Transit company have voted to leave their work. The switchmen on the Pittsburgh, Fort Wayne & Chicago quit at 5:30 last night and many others arranged to go out at irregular intervals throughout today, beginning just after midnight. The men living in Chicago who have left their work or are under orders to do so were computed broadly thus:

Union terminal station.....	400
Pittsburg, Fort Wayne & Chicago.....	200
Pittsburg, Chicago & St. Louis.....	500
Chicago & Alton.....	400
Grand Central station.....	500
Wisconsin Central.....	200
Chicago & Great Western.....	150
Northern Pacific.....	500
Baltimore & Ohio.....	500
Chicago & Western Indiana.....	800
The Belt Line.....	200
Chicago & Eastern Illinois.....	300
Atchison, Topeka & Santa Fe.....	1,500
Chicago & Erie.....	300
Chicago & Grand Trunk.....	200
Louisville, New Albany & Chicago.....	500
Chicago & Northwestern.....	2,000
Illinois Central.....	2,400
Union Stock Yards and Transit.....	800

Total.....12,350 Several of the directors of the American Railway Union gave it as their opinion that the men already involved, or to be involved by the developments of today, would exceed 20,000 in Chicago and 100,000 throughout the country outside.

Active measures were taken yesterday to take out the men in St. Louis, and similar developments are looked for in Omaha and Denver at an early day.

Mail trains entered and left Chicago with a near approach to regularity and no Pullman car was hindered. But the freight service of many roads was seriously endangered, many refusing to take any more perishable merchandise for shipment. The Northwestern and Illinois Central railroads delivered all perishable goods, the officials in many cases acting as switch crews to aid in this work.

The work of organization is proceeding with great rapidity in Chicago, twenty organizers being in the field. More than 1,000 men, many of them members of the old brotherhoods, joined the American Railway Union yesterday.

The leaders of the strike expect today to get out the shopmen of the Northwestern, the switchmen in all the Burlington yards and the men working for the Union Stock Yards and Transit company as a whole.

The 15,000 Knights of Labor employed in the stock yards placed their services entirely at the disposal of President Debs yesterday morning and will aid in the Pullman boycott as far as possible.

President Debs will have a fight on his hands to-day. Uncle Sam, through Judge Caldwell of the United States Circuit court, last night told him to keep "hands off" the Santa Fe railroad and Attorney General Olney wired instructions to at once proceed against individuals interfering with mail trains. The General Managers' association is confident that they can get men enough to win the fight, but they are doing it very slowly. The officials of the different railroads announce they will fight the boycott to the end. At a meeting yesterday afternoon of the General Managers' association,

composed of the executive officers of the terminal lines centering here, J. M. Egan, ex-President of the Chicago Great Western railway, was appointed manager and executive officer for the association. Mr. Egan will have supreme authority in all matters pertaining to the strike. All the twenty-one lines agreed to pool issues and bear jointly the expenses arising from the strike, whether the road is affected or not.

Northwestern Trains All Held. MILWAUKEE, Wis., June 29.—The switchmen employed by the Chicago & Northwestern company struck at midnight last night, and ten trains are hung up in the east and south side yards. The police department sent a patrol wagon with twelve officers to the south yards to preserve order.

CAIRO, Ill., June 29.—There are four mail trains and two passenger trains, all on the Illinois Central, hung up here, besides ninety cars of bananas and eleven cars of tomatoes on the track between here and Mounds. Efforts were made to take out an Illinois Central mail train at 5 p. m., but a Pullman coach was attached next to the mail train and the strikers uncoupled it. As a rule the men are quiet but determined. United States Marshal Britton has applied to Judge Allen for authority to move the train.

DEPUTIES TO GUARD THE SANTA FE.

Marshal Neely Getting Together a Force in Kansas—The Up Is Complete

TOPEKA, Kan., June 29.—Everything west of here on the Santa Fe is tied up and nothing is allowed to pass the division points except local passenger trains which carry no Pullmans. The men seem to be acting under such advice as prevents them from interfering with any mail train which has no Pullman attached. The American Railway Union is stronger on the Santa Fe than any other system in Kansas. United States Marshal Neely is swearing in deputies anticipating orders from Judge Caldwell to protect the property of the Santa Fe and secure the regular running of all trains. It is the plan of the receivers to make application to all the Federal judges who have jurisdiction along the line of the road for an order similar to the one signed by Judge Foster which, if granted, will place the road actually in the control of the United States courts.

EMPORIA, Kan., June 29.—The strikers here on the Santa Fe are extremely quiet and also extremely confident. To-day it is claimed the entire line will be tied up.

PUEBLO, Colo., June 29.—Pullmans were uncoupled from trains here. The sheriff was appealed to, but had not men to watch the unionists and prevent them cutting off the Pullmans. The Atchison will apply to the United States marshal. The Rio Grande and other roads will probably take the same course.

ST. JOSEPH, Mo., June 29.—Nothing new has developed here in the strike situation. The Pullman cars were not molested last night, and the men manifested no disposition to interfere with them.

LEAVENWORTH, Kan., June 29.—All trains in and out of here last night pulled Pullmans as usual.

TOPEKA DIVISION MEN GO OUT.

Twelve Hundred of Them Near Kansas City Quit Work.

KANSAS CITY, Mo., June 29.—All the men on the Topeka division of the Santa Fe system have been ordered out. This action is the result of a meeting of the A. R. U. held at Argentine. All branches of employees, from the trackwalkers to the engineers, are represented. Twelve hundred men are affected. It is claimed by the men that a majority of the employees belong to the union and that the tie-up will be most complete. The switchmen, who number fifty-five at and near Argentine, agreed to surrender their charter and join the A. R. U.

ST. LOUIS, Mo., June 29.—No trains have been interfered with here and all left on time last night. Sixty of the switchmen employed by Missouri Pacific walked out, demanding that they be not required to handle Pullman's cars. General Manager Ramsey stated, after receiving the switchmen's notification, that any men refusing to handle a Pullman car would be discharged and new men put in their places. Late at night a meeting of the Missouri Pacific switchmen was held, at which it was decided to stand by the night switchmen and go out. This will result in the complete tie-up of that road here.

SALT LAKE, Utah, June 29.—The Pullman cars on the Rio Grande Western and Union Pacific went out as usual yesterday. The boycott has had no effect in this Territory.

Says a Settlement Is Demanded.

SAN FRANCISCO, Cal., June 29.—It is said Manager Towne of the Southern Pacific has sent a dispatch to Mr. Pullman which will be the cause of a settlement of the trouble within twenty-four hours. Information is that Mr. Towne's telegram to Pullman was to the effect that if the present trouble was not settled within a specified time the railroad company would consider the contract void and take steps to supply the necessary service itself.

ROUGH ON THE ROAD.

Monon Is Told to Cut Pullmans from Mail Trains.

INDIANAPOLIS, Ind., June 29.—The officials of the Monon applied to Judge Baker of the Federal court here for relief against the Pullman boycott, which had interfered with cars at

Hammond, pleading that the train carried the United States mail. Judge Baker told them if the company would not haul Pullman cars on the mail trains that there would be no need to take the matter to court, as the trains would not be stopped. Trains on other lines have not been interfered with and were running on time.

HAMMOND, Ind., June 29.—The railroad crossing near the business center of the city is crowded with strikers and several hundred determined men are guarding the Erie and Monon bridges over the Calumet river. Every train is inspected before it is allowed to pass. The Monon railroad company has agreed to run the Pullman cars held back to Chicago.

MOBILE, Ala., June 29.—The Mobile & Ohio railroad authorities received information of a strike of their switchmen at Cairo along with the Illinois Central men in sympathy with the Pullman strikers. The Mobile & Ohio will discontinue hauling the Pullman cars until the matter is settled. They say they can not jeopardize their freight business to help Pullman.

WILL NOT HANDLE PULLMANS.

Hocking Valley Men Refuse to Sign an Agreement.

TOLEDO, Ohio, June 29.—Hocking Valley railway employees yesterday presented a new scale to President Waite which restores wages as before the 10 per cent reduction last January with additional conditions. President Waite asked for time. The committee granted until noon to-day, and if the scale is not then accepted a general strike will follow. Mr. Waite wanted an agreement inserted to carry Pullman cars, but the committee refused.

PITTSBURG, Pa., June 29.—Men are being hired by the Fort Wayne company to go to Chicago. Panhandle trains will be run over the Fort Wayne route to-night.

DETROIT, Mich., June 29.—The night trains on the Grand Trunk and other roads using Pullman coaches pulled out without a sign of molestation.

CLEVELAND, Ohio, June 29.—The Pullman boycott has not a particle of effect in this city.

MEMPHIS, Tenn., June 29.—There is no interruption to railroad traffic here on account of the Pullman strike.

LOUISVILLE, Ky., June 29.—The boycott against the Pullman Car company has not as yet affected any of the roads running out of Louisville.

NEW ORLEANS, La., June 29.—The Pullman strike has had no effect in this city. All trains moving as usual. The railroad officials do not anticipate any trouble whatever.

ST. PAUL GIVES IN.

Side-Tracks Its Nine Pullman Sleepers—Union Men Are Jubilant.

CHICAGO, June 29.—Every Pullman car on the line of the Chicago, Milwaukee & St. Paul railroad was sidetracked by the management of the road yesterday, and President Debs of the American Railway Union marked down victory No. 1. This road has but nine Pullmans, two of which it owns and seven of which it has a half interest in. Soon after the Chicago, Milwaukee & St. Paul had given in, a report was received at headquarters from St. Louis that the Mobile & Ohio railroad had given in and would sidetrack its Pullman cars. A decision which in its bearings is of the greatest importance was arrived at by the American Railway Union yesterday. It was that as the General Managers' association as an organization had voted to fight the boycott it must, as an association, accede to the demands made by the strikers. This means that all the roads must give in at once, for the association will not permit one road to surrender at a time.

Northern Pacific Can Not Move.

MILWAUKEE, Wis., June 29.—Receiver Payne of the Northern Pacific road said not a wheel is turning on that great system and no trains will be moved until the present Pullman boycott is settled. When asked what effect in his opinion Judge Jenkins' order could have Mr. Payne declared it would have no effect whatever. "It never was intended to prevent employees of the road from striking singly or in bodies," Mr. Payne said. "The only construction placed upon it was that no employees or employers could interfere with the company in the transaction of its business. We do not know at present what legal steps will be taken in the matter, but we do not deny the right of the men to strike if they want to, nor was that right ever denied."

Wisconsin Central Trains Held.

CHIPPewa FALLS, Wis., June 29.—When the passenger train on the Wisconsin Central due here at 5:20 o'clock reached Irving, a mile north, and the end of the St. Paul division, train men abandoned the cars unless the Pullman sleepers were detached. A non-union crew was hired and the train pulled out at 6 o'clock.

MILWAUKEE, Wis., June 29.—Two Wisconsin Central passenger trains are tied up at Stevens Point because the engineers and firemen refused to haul the Pullman cars.

Knights of Labor Will Act.

DES MOINES, Iowa, June 29.—J. R. Sovereign, master workman of the knights, returned to Des Moines yesterday. He predicts the strike against the Pullmans will be the biggest one in the history of the country. He said the knights would fight it out with the railroad men to the bitter end.

TEN ARE FOUND DEAD
IN THE WRECKAGE.LIST OF VICTIMS OF THREE
CYCLONES.

The Number of Fatalities May Be Increased—Minneapolis Gets a Touch of the Blow but Escapes Easily—Damaged Elsewhere Was Very Extensive and Heavy.

MINNEAPOLIS, Minn., June 29.—Southwestern Minnesota and eastern South Dakota suffered severely from a series of wind storms of cyclonic tendencies. They traveled from southwest to northeast and there were three of unusual severity. The fatalities reported are as follows:

The killed:
GULDAN, MR., Milaca, Minn.
HICKS, JRS. G. T., Pipestone, Minn.
JOHNSON, MISS, Larimore, N. D.; killed by lightning.

LINDSTROM, MISS JENNIE, of St. Paul; killed at Darwin, Minn.

MEITKE, CHARLES, Sleepy Eye, Minn.

RHOODY, HENRY, Larimore, N. D.; killed by lightning.

ROACH, MRS. SAMUEL, Wessington, S. D.

SANDERS, MRS., Litchfield, Minn.

SWIFT, MISS NINA, near Aberdeen, S. D.

WALCHESKY, a baby, at Glencoe.

Fatally injured:
MOHANNAB, MRS., Pipestone, Minn.

SCHMIDT, child of John, Sleepy Eye, Minn.

WEISS, MRS. JOHN, Cold Springs, Minn.

WINKLE, JOHN, Prairie, Minn.

WINKLE, JACOB, son of John, Prairie, Minn.

The westernmost storm arose in South Dakota and traversed the east end of the state, striking Alpena, Mellette, St. Lawrence, and Aberdeen. This storm did no damage to life or limb but considerable to property and crops.

The central storm was first heard of at Pipestone, in the southwest corner of this state, about 6 p. m. Its record there was one killed, one injured, and serious damage to property in its course. It passed over Tracy and Echo without serious effect and was heard of at Benville, where it was forty rods wide and of corresponding intensity of action. There was another victim here, besides many injured, and a record of devastation for buildings and property.

Litchfield was the next in line, but apparently the cyclone there developed several hours later. It covered a strip about ten rods wide and four or five miles long, and killed two persons. Several others were injured, some fatally. Six or seven farm houses were destroyed and crops were wiped clean to the ground. One house caught fire and was destroyed. The two dead persons have been brought here. Several physicians are in the cyclone territory doing what they can for the injured.

Minneapolis caught the tail end of the blow and it was still twisting. It swept across the city, dipping down to the ground near Lake Harriet, where barns and windmills were wrecked and the debris tumbled into the boulevard. The cyclone did not dip down to the ground again until it reached the outskirts of Northeast Minneapolis, where the house of a gardener named Lenke was lifted completely from its foundations and unroofed. Mrs. Lenke and her daughter were badly bruised. Fortunately the cyclone did not dip to the surface except in the outskirts of the city. Had these dips occurred in the more thickly portions great loss of life would have resulted.

MICHIGAN DEMOCRATS.

Full Ticket Nominated in That State Yesterday.

GRAND RAPIDS, Mich., June 29.—The democratic state convention organized yesterday afternoon by electing Elliott G. Stevenson of Oakland county permanent chairman. On motion of Don M. Dickinson congratulations were wired to President Cleveland and after a tiresome wait for the committee on credentials it was decided to proceed with the nominations. The ticket complete is as follows: Governor, Spencer O. Fisher; lieutenant-governor, Milton F. Jordan; secretary of state, Lewis E. Ireland; treasurer, Otto C. Karsten; auditor-general, Frank H. Gill; attorney-general, James O'Hara; commissioner state land office, Peter Mulvany; superintendent of public instruction, Albert J. Jennings; member of state board of education, Michael Devereaux.

The convention seems to have resulted in an overwhelming victory for Don M. Dickinson. The new state central committee is made up mainly of his friends, his law partner was chairman of the convention, and the proposition of his friends to leave the selection of a chairman of the state central committee to the committee and the candidate for governor, which carried by a vote of 633 to 267, was done to prevent the re-election of D. J. Campau, the old anti-Dickinson chairman.

Two Distinct Storm Centers.

MELETTE, S. D., June 29.—A terrific wind and rain storm which struck here yesterday afternoon blew in several store fronts and unroofed a number of houses. Two distinct cyclones formed, one moving northeast and one southwest.

John W. Lewis Nominated.

LEBANON, Ky., June 29.—The republicans of the Fourth district yesterday nominated the Hon. John W. Lewis for congress.

INCOME TAX SEEMS TO STAND
Hill's Motion to Strike Out Section De-
feated.

WASHINGTON, June 29.—The income tax section of the tariff bill was completed by the senate at 12:30 yesterday. As the end was nearer Senators Vest and Harris grew nervously anxious. Senator Brice was in the chair and Senator Harris quietly glided up to him and admonished him to hasten the decisions of questions as fast as possible. Senator Hill entered a motion to strike out the income tax provision. He gave notice in a very emphatic manner that if the income tax should become a law its validity would be tested in the courts. Senator Hill's motion was defeated by a vote of 24 to 40. Hill, Smith, and Murphy, democrats, voted to strike out. McPherson, who was absent, was paired to vote yea. Six republicans voted against the motion. These were: Hansbrough, Mitchell of Oregon, Pettigrew, Power, Shoup and Teller.

Senator Morrill announced that he was paired with McPherson, but as both would vote the same way, in favor of striking out the income tax, he would vote yea. Smith then transferred his pair with Dubois to McPherson and Smith voted yea. The democrats say they are not surprised, as they had the assurance all along of at least six or eight republican votes for the tax.

NEW MEXICO STATEHOOD.

Delegate Says the Foreign Population Is Less Marked Than in Wisconsin.

WASHINGTON, June 29.—Delegate Joseph of New Mexico regard it as certain that the senate, as well as the house, will pass the bill admitting the territory to statehood. Mr. Joseph says New Mexico has for the last forty-four years persistently urged admission to statehood, the first bill in its behalf having been introduced in 1858. At the time California was admitted, but the New Mexico bill failed of passage. Regarding the charge that a large portion of the population is non-English speaking, Mr. Joseph claims that the proportion is less marked than it is in the older states of the northwest, where, he points out, Minnesota has 467,000 foreigners in a population of 1,361,000 and Wisconsin 519,000 foreigners in a population of 1,686,000.

A peculiar objection made against admission of New Mexico is that bullfights are countenanced there.

To Admit New Mexico.

WASHINGTON, June 29.—The bill admitting New Mexico passed the house without opposition. The house then took up the bill to construct a hall of records in this city. At 4:13 the quorum disappeared and the house adjourned.

New Orleans Councilman Indicted.

NEW ORLEANS, La., June 29.—The grand jury, which is still investigating corruption and bribery on the part of city officials, brought in two more indictments for bribery, making ten in all that it has found against officials or ex-officials in the last two weeks. One of these indictments is against Thomas Healy, councilman from the First ward, charging him with receiving a bribe of \$500. The other is against John C. Bach, ex-assessor, and charges him with having received a bribe of \$150.

Pullmans Held at Cincinnati.

CINCINNATI, Ohio, June 29.—Pullman cars were not moved in the Cincinnati, Hamilton & Dayton yards after 12 o'clock, and no immediate attempts to move cars were made in the yards of other roads. Judge Taft of the United States Circuit court has, at the request of Receiver Felton, made United States deputy marshals of the trainmen who will run trains of the Queen & Crescent road. The same has been done in Covington, Ky.

Federal Marshals Ordered Out.

OSHKOSH, Wis., June 29.—At the request of Receiver Whitcomb of the Wisconsin Central Judge Seaman of the United States court ordered United States Marshal Pratt to send a deputy to Waukesha to protect the railroad property there. Deputy Marshal Richard Pratt has been sent there, empowered to swear in as many deputies as will be necessary.

Alabama Miners Threaten Gov. Jones.

BIRMINGHAM, Ala., June 29.—An anarchist proclamation signed "Alabama Miners" is being sent out liberally. It is addressed by Gov. Jones and calls on him to settle the strike by July 1. The proclamation says the men will not be tampered with and if the terms are not complied with the demands will be enforced by force of arms.

Killed His Son-in-Law.

DEWIS, Texas, June 29.—J. A. Wright went to a field where his son-in-law J. J. Glover, was plowing and shot and killed him. Family troubles were the cause. Wright surrendered to the authorities.

Senator Palmer Is Weak.

WASHINGTON, June 29.—Senator Palmer ventured out yesterday, but felt that his strength was not sufficient for a day's attendance upon the senate and returned to his room.

Columbia Wins the Race.

NEW LONDON, June 29.—In Yale Harvard-Columbia freshmen's boat race start was made at 11:31 a. m., with Columbia in the lead. The Columbia team did excellent work, winning the race.

Father Corbett to Go to Rome.

LINCOLN, Neb., June 29.—Father Corbett, weary of the delay in obtaining a hearing of the priests' charges against Bishop Bonacum and of the bitter warfare between the bishop and himself, has decided to go to Rome.

Arrange for Carnot's Funeral.

PARIS, June 29.—President Casimir-Perier presided at a council of the ministers to-day. It was decided to ask the chambers for a credit of 50,000 francs for the funeral of the late president. Premier Dupuy will deliver the funeral oration.

Banker Paris Convicted.

FRANKFORT, Ind., June 29.—The jury in the Green town bank case, after being out a little over an hour, returned a verdict at 3:30 yesterday afternoon finding the defendant, John W. Paris, guilty of obtaining money under false pretenses and sentencing him to six years in prison and to pay a \$1,000 fine.

Killed His Son-in-Law.

DEWIS, Texas, June 29.—J. A. Wright went to a field where his son-in-law J. J. Glover, was plowing and shot and killed him. Family troubles were the cause. Wright surrendered to the authorities.

VON KOTZE DISOWNS
THOSE BAD LETTERSGERMAN COURT OFFICIAL
PROBABLY INNOCENT

Investigation Does Not Support the Charge That He Is the Man Who for Four Years Has Been Addressing Scandalous Epistles to Titled Folks of the court.

BERLIN, June 29.—There is said to be no doubt of Count Von Kotze's innocence. He remains in custody at his own request, and the charge that he abused his position as personal attendant of the emperor to write scandalous letters to other notables, is being investigated.

To Arrest All the Rebels.

BUENOS AYRES, June 29.—A dispatch from Lima, Peru, says that the Peruvian government has ordered a general arrest of the supporters of the revolution. It is added that Great Britain has officially recognized President Justiano Borjonas' government.

New Canal Plan Laid.

PARIS, June 29.—The liquidators of the Panama Canal company have signed an agreement with the company in which the latter is said to have a capital of \$12,000,000 with which to complete the canal.

ENGINEERS NOT INTERESTED

Chief Arthur Says They Will Pay No Attention to the Boycott.

CLEVELAND, Ohio, June 29.—Chief P. M. Arthur of the Brotherhood of Locomotive Engineers, was shown the dispatch from Chicago to-day, which announced the discharge of four engineers of the Chicago & Northwestern road for inducing the Pullman boycott on that road. In response to a question as to what bearing the case might have on the brotherhood, he said that the organization had nothing whatever to do with the boycott, but what action might be taken in individual cases of this kind could not be determined until all the particulars of the discharge of the engineers were made known.

"Is there any likelihood of the engineers being drawn into the conflict?"

"We can take no action in the matter, whatever," he answered. "We have no grievance, no interest in the matter as an organization and will simply pay no attention to the boycott." Asked as to the probable result of the boycott Mr. Arthur refused to express an opinion, saying time would tell.

"JOCKEYED" THE TESTS.

Startling Admission of Superintendent Corrie of the Carnegie Shops.

WASHINGTON, June 29.—Superintendent Corrie of the Carnegie armor plate shops and immediate superior to Superintendent Cline, was before the congressional investigating committee to-day. He admitted that he had known of reports being falsified by Cline. The tests of armor plates had not in all cases been in conformity to the government requirements. By running the test machine very fast a tensile strength 3,000 to 4,000 pounds greater than the actual strength was indicated. This Corrie called jockeying the test. Plates had also been subjected to retreatment after having been accepted. The effect of this, Corrie said, was uncertain; it might be beneficial or the reverse. The general superintendent knew of the jockeying.

MILTON'S BIG WEEK BRILLIANT AS EVER.

COMMENCEMENT EXERCISES
WERE SUCCESSFUL.

Many of the Alumni From Eastern Cities Were Present—Musical Features of the Week—Milton Junction Weddings—The Fourth in South Clinton.

MILTON, June 29.—Commencement day was bright and clear and an audience of a thousand or more gathered on college campus to hear the exercises of the class of '94. All who appeared on the program did both themselves and the institution which they represented, honor. The music was excellent and added much to the pleasure of the listeners. A goodly number of the neighboring cities and villages were represented in the audience and on the platform where the dignitaries sat. Many graduates and former students met and clasped hands with classmate and acquaintances during the day. The class exercises in the afternoon were full of interest and were fully enjoyed by all. The commencement orations were: "Shall Immigration Be Restricted?" Joseph Palmer, Milton; "The Jeweled Ring," George E. Miller, Milton; "The Voice Revealed," Nannie A. Burdick, Milton; "Pando's Bequest," Lillian Rood, Milton; "An Unpopular View of an Unpopular Problem," Dighton Shaw, Milton. Besides the master's oration "America for Real Americans," Perley L. Clarke, Highland. There was music during the morning by the Horn quartette and the Imperial quartette. At the class exercises in the afternoon the music was by the Milton College quartette. There were remarks by President Dighton Shaw, reports by Secretary Lillian Rood and Treasurer Nannie A. Burdick and communications from various classes as follows: Class of '87, J. Barlass; class of '88, L. C. Randolph; class of '89, A. L. Burdick; class of '90, Lura Dow; class of '91, G. B. Shaw; class of '92, Nelly Brown; the juniors, Grace Miller; and the sophomores, Joseph Palmer. The graduates this year were: Scientific course, Dighton Wellman Shaw, Milton; ancient classical course, Nannie Adeline Burdick, Milton, Ada Lillian Rood, Milton; school of music, pianoforte course, Mabel Allie Button, Milton Junction. The honorary degrees conferred were: Bachelor of arts, Rev. William Henry Summers, Milton; master of science, David Burdette Coon, Chicago Ill.; master of arts, James Benjamin Borden, Milton Junction, Perley Lamont Clarke, Highland, Rev. O. U. Whitford, of Westerly, R. I. received the degree of doctor of divinity at the last regular meeting of the board of trustees.

The annual concert of the school of music on Wednesday evening had a liberal patronage and the hearty applause and frequent encores were evidence of its success. The programme was as follows:

Solo and Chorus—Inflammatus, from Stabat Mater.....Rossini
Charlotte D. Maxson and Chorus Class.

The Alumni exercises were held in college chapel Wednesday afternoon. Interesting and able addresses were delivered by Professor J. D. Bond, '72, St. Paul, on "The Widespread Demand for College and University Education" and by Rev. O. U. Whitford, '72, St. Paul, on "The Relation of the Alumni to the College and Their Duties Growing Out of These Relations." Brief speeches were made by Rev. S. Wheeler, '61, Boulder, Col.; Rev. Randolph; Rev. George B. Shaw, '91, Alfred, N. Y.; Professor P. L. Clarke, '61, Highland; Miss Lillie Smith, '87, Whitewater; Miss Belle Walker, '85 and Miss Rose Palmberg, Chicago. Music was furnished by Misses Crandall and Maxson, and Professor Maxson and Mr. Will Jones, Clinton. Miss Garghill added much to the pleasure of the occasion by giving a recitation. A committee was appointed to arrange for the next meeting and if possibly have it occur on commencement day. Officers for next year are: Professor E. B. Shaw, '86, president; Professor J. D. Bond, '72, vice president; Miss B. R. Walker, '85, secretary and treasurer. The exercises of the week closed with the senior concert on Thursday evening at the Seventh Day Baptist church, which was given by the Imperial Quartette of Chicago. Standing room was at a premium and

the audience was delighted. Besides selections by the quartette there were two numbers by the Horn quartette and a violin duet by Nellie and Berta Crandall.

The dramatic readings on Tuesday evening by Miss Isabel Garghill, instructor in the school of oratory, Northwestern University, Evanston, Ill., and Miss Imogene Dunn, Milton, were excellent and listened to by a delighted audience. Miss Garghill's numbers were "A Village Gossip," by Wiggins, and "Madeleine Braban," by Litchfield. Miss Dunn's selections included "Fra Luigis Bride" by Helen Hunt; scene from "Pygmalion and Galatea" by Gilbert, and "Fast Friends" by Re Henry, in which Miss Garghill appeared as Mrs. Laura Latimer and Miss Dunn as Mrs. Mabel Hamilton. The music was charming and the numbers were a piano solo by William Jones of Clinton; tenor solos by E. O. Kimberly of Janesville and a contralto solo with violin obligato by Miss Mammie Jones, of Clinton, and Prof. Charles H. Crandall of Milton.

Prof. E. B. Shaw, of the college faculty has finished his post graduate year in the University of Chicago and is now at home to resume his position in the faculty at the opening of the fall term. William Fowle, class of '82 and wife, of Marshall, attended commencement exercises. Dr. Clark C. Post, of Barron, is shaking hands with class mates and friends this week. Miss Mabel Davis of Rockford is visiting J. C. Goodrich and wife. Henry C. Ball, who is in the employ of Marshall Field & Co., has been visiting his Milton relatives. Professor C. E. Crandall, of the University of Chicago, came up from the city Wednesday and will remain during his vacation. Messrs. Charles and Dixon, of Lima, were in town this week looking after the interests of the former, who is a candidate for the assembly. E. B. Heimstreet was in the village this week advertising the Rock county fair. Miss Blanche Weigle has gone to Elma, Iowa, to visit friends. Misses Bessie and Anna Tompkins, who are teaching at Merrill and Milwaukee, are at home to enjoy their summer vacation and attended the commencement of their alma mater. Rev. Booth C. Davis, of Alfred Center, New York, and Rev. S. D. Davis, of Salem, West Virginia, were in attendance at commencement.

MILTON JUNCTION PERSONALITIES.

Two Weddings of Interest in the Village—Drug Store to be Sold.

MILTON JUNCTION, June 29.—Wednesday two weddings took place in which Milton Junction people were interested—that of Fred Campbell of Edgerton and Allie Carr of Milton Junction, and of Night Operator Will Nichols of the St. Paul road here and Miss Maud Henderson of Edgerton. Mr. Kemp, of Huron, South Dakota, is in town. His wife has been here several weeks visiting her mother, Mrs. Angeline Williams. Miss Birdie Gates, who has been spending some weeks with Mrs. William Gates returned to her home at Clinton Wednesday. Colonel Cleghorn of Clinton, addressed the Good Templars one evening during the convention. Mr. Cleghorn is a Good Templar, also the prohibition candidate for governor of the state. The High school held a picnic at Clear Lake Friday. Charley Maxson, of Necedah was calling at the junction this week. Professor and Mrs. P. L. Clarke of Highland, are at George Butens. Prof. Clarke delivers the master's oration at Milton Thursday.

Mr. McCafferty, father of Arthur McCafferty, arrived in town on the 5 o'clock train the day of the funeral of his son. The burial did not take place until Saturday morning. The old gentleman and his grand daughter Mildred have gone to Delavan to stay a few days. Mrs. Wm. B. West was surprised on her birthday, Wednesday, June 27, by her family coming to take tea with her and bringing the minister and wife along. The lecture by Rev. Mr. Burns Monday night was well attended and highly spoken of. Several from Edgerton and Whitewater attended the lecture. Calvin Hull and Mrs. McCafferty are trying to sell their drug business. Several parties are talking of buying. Mr. Kemp, of Huron, S. D., is visiting his wife at the home of their parents, Mr. and Mrs. Henry Williams. Mrs. Elbert Fuller, of Red Wing, Minn., visited relatives here Saturday and Sunday. Frank Geisen came up from Knox, Ind., last week, to see his wife and baby. He returned Monday. Mrs. Gersler will remain some time longer. Dr. A. L. Burdick and wife, of Colma, Wisconsin, visited his aunt, Mrs. C. D. Coon, last Sunday. Rev. and Mrs. George Burdick visited Mrs. Burdick's brother at Hanersville Sunday. Mrs. Julia (Campbell) Babcock, of Chicago, is boarding at Mrs. Carr's, at Clear Lake. Lillie Hazel Kelly returned from a six month's visit with her grandmother at Augusta, Wis., Tuesday evening. Her aunt, Miss Kyle, accompanied her home. Mr. and Mrs. Otis Kelley will celebrate the seventh anniversary of their marriage June 30, with a family party. Mrs. Ed. Burdick, of Chicago, is at her sister's, Mrs. Carr's, to attend the wedding of her niece Allie. Miss Mary Frink went to Edgerton Wednesday to attend the Nichols-Henderson wedding. Mr. Geisen, of Knox, Ind., was up last week to visit his wife and baby who are spending some time with her parents, Dr. and Mrs. Orville. Mr. and Mrs. Clarke Densmore, of Sharon, called on Israel Kelly's family Wednesday. They are on their way to Minnesota. Miss Burdick, of Walworth, sister of Grace Burdick, arrived at the junction on the one o'clock train Wednesday. Royal Maltress and A. S. Flagg, of Edgerton, attended the funeral of Arthur McCafferty Monday. Fred Coon, Will

Fletcher, John Clarke, Mr. Earl and Mr. Kildow, of Edgerton were callers in Edgerton during the week. Fanny Hart returned from Fort Howard Monday. P. H. Cole of the Northwestern railroad, spent Sunday at Tunnel City, Wis. Mr. Kildow, of Janesville, ate his dinner with E. D. Coon during the convention last week.

CENTER FOURTH A LIVELY ONE.

Plans Perfected For the Celebration—To-bacco Acreage Not Much Reduced.

CENTER, June 29.—Extensive preparations are being made for July 4. There will be several bands of music in attendance, games and foot races and one of the best Fourth of July orators in the state, Professor Simms, will deliver the oration of the day. In the evening there will be a great pyrotechnical display. The Ladies Auxiliary from Footville met with Mrs. William Dean, on Wednesday last. Simeon Reed from Magnolia, is visiting his sister, Mrs. John Crow. In spite of the beggarly prices paid for tobacco here this spring, it is considered to be a very conservative estimate that the acreage will not be cut down more than 25 per cent. William Corey offers his farm for sale. Such desirable property as that ought to be soon picked up. The greased pig race July 4 will come off the last thing before dinner. Miss Emma Tollefson is at home from Arcadia, Wis., where she is assistant principal. She will return for another year after spending her summer vacation at home. Jennie Fisher has returned home from school to spend her vacation at her father's country residence. Mary Snyder will return home as soon as she is able. She is gaining quite rapidly. James Pepper and wife are entertaining friends from Milwaukee. J. S. Conrad and family attended divine service here Sunday, as of old. Frank Dean and family were home the first of the week. Constable Pepper ran in an inebriate Saturday night. Lucy Whitmore is home from her school. Clara and Claude Rosa are here for the summer. Lyman Crow is home after serving his time and getting an honorable discharge at the business of undertaking. Charles Silven has improved the looks of his residence by a fresh coat of paint. For Campbell was in Hanover Tuesday and Wednesday. G. W. Fisher called on friends in Spring Valley Sunday. Henry Appel lost a valuable grey horse recently. Bert Snyder will have charge of the bicycle race July 4. William Johnson and lady attended children day exercises Sunday at Footville. Everyone should remember school meeting Monday eve, July 2. Mrs. Mary Jones and her daughter Flora, are guests of Center people this week. Tent meeting begins at Grove church July 5 under the charge of Rev. J. O. Buswell, evangelist, assisted by the Cheney Male Quartette. The town of Center seems to be an asylum for insurance agents of late, nearly every company being represented. Among the foremost is William Ashby, representing the Woodman. Walter Poulter's windmill suffered in the gale of last Saturday, it being blown to atoms. Mrs. Horace Wright will visit her mother the coming week. Fred Vankirk has laid in an ample supply of binding twine. Bessie Fisher is at home from Evansville. Among the leading attractions here the Fourth will be the tramp army under the leadership of Harry Howe.

FOURTH OF JULY IN SOUTH CLINTON.

Regulation Services Planned—Gulick Knutson Passes Away, Aged Eighty Years.

SOUTH CLINTON, June 29.—South Clinton will celebrate the Fourth of July by a picnic in K. B. Duxstad's grove. There will be good music and speaking and many sports, including a bicycle race, a base ball game and possibly a horse race. Rev. Jensen and C. O. Lobberg will speak. Tobacco setting is nearly all done in this vicinity, the weather of late having been favorable for that work. The social at Ole Tillotson's last Friday night was not very well attended, on account of the rain. Those present had an enjoyable time. Gulick Knutson, one of South Clinton's oldest settlers died last Sunday morning, after being confined to his bed with rheumatism for about a year and a half. The funeral was held last Tuesday afternoon from the East church. Deceased was about eighty years old. Rev. Jensen returned from the west last Tuesday morning. Henry Natesta attended a social at Beloit last Wednesday evening. C. O. Solberg spent a portion of last week here. Miss Emma and Ida Duxstad have returned from their visit in Minneapolis.

PORTER METEOR WAS NO GOOD.

State University Scientists Made a Thorough Analysis of the Specimen.

PORTER, June 29.—The meteor that fell here some time ago, and sent to Madison to be analyzed was found to be worthless. Mr. Sheppard of Colorado, was here last week and removed the remains of his father, who has been peacefully resting for some thirty odd years on the Bates' farm. Miss Maggie Walsh has returned to her home in Janesville. Miss Annalette Lay is home, having closed another very successful term of school in the town of Janesville. Auctioneer W. T. Dooley and Mr. John Dawson, of Janesville, attended the C. K. of W's meeting here on Sunday. Mike Fitzgerald and wife of Albany visited at D. F. McCarthy's on Sunday. Two of our young men spent Sunday in Evansville. Amandas McCombe, who has charge of the Eagle creamery, is the possessor of a new bicycle on which he rides to and from the factory. Willie Williams has returned to his home near Milton. He won many friends during his brief stay here who

will miss him greatly. Mrs. Baldwin, of Madison, and a lady from Minnesota, visited at J. Hendrick's last week. The dance that was to have been in Fulton last Friday night, was declared off, on account of a non-attendance. A lady agent from Beloit was selling dress charts in this vicinity the first of the week. James McKee, of Edgerton, has charge of the milk route for J. W. McCarthy. Miss Lizzie Tiernan is working in Evansville this summer. Mike Conway, of Burr Oak, was on the street Tuesday. Two of our Porter young men played ball with the Leyden nine Sunday against Janesville, but were defeated 11 to 14.

MISS ELLSLER'S DORIS A SUCCESS.

Small But Appreciative Audience Applaud the Production in This City.

A small but highly pleased audience saw Effie Ellsler's presentation of "Doris" last evening. The drama is by Robert Drouet, a member of Miss Ellsler's company and contains much admirable work. The atmosphere of the opening act is exquisite, the closing picture of this act being artistic in the highest degree. Again, the domestic scene at the opening of the third act, a refined and charming passage of leave taking between the young wife and her husband in the library at Ashleigh Hall, is conceived in the mood and with the good taste of Bronson Howard, and worked out in a way to compel honest admiration. The character drawing is excellent. One would not care to change a lineament of the simple-hearted rector, Mr. Merri-good, and his good wife. As for Dr. Brian O'Neil, he is one of the best light comedy figures in any recent drama. Mr. Beatie is the type of parish beadle with which Dickens first made us acquainted, and the giggling Miss Bissbee is found in every community. But "Doris" may be singled out justly for especial praise. In the part Miss Ellsler reaches a higher level of sustained power than she has ever been seen to attain before. Her support is good, among the people in the cast being Frank Weston, Robert Drouet, C. W. Couldock, George F. Farren, Charles F. Bates, James Castle, John Hall; the Misses Isabel Burnham, Fanny L. Burt, Annie Athy and Kate Fielding.

Funeral of Frank Shively.

EVANSVILLE, June 29.—The funeral of Frank Shively was held Wednesday afternoon at the M. E. church and was one of the largest ever held in our village. About one hundred Knights of Pythias marched in the procession, delegations of that order being present from Janesville, Brodhead, Edgerton, Stoughton and Oregon. The members of the Maid of the Mist Fire Co. were also present in uniform.

THREE GRADUATES GET MEDALS.

Young Ladies Rewarded at the St. Joseph's Academy Exercises.

There were three graduates from the St. Joseph's academy yesterday, Miss Mary Dunn of Richwood, Wis., Miss Mary Dugan and Miss Marie McClernan, of this city. Each of the three young ladies received a gold medal. Miss Dugan was awarded prizes on zoology, geology and bookkeeping; Miss Dunn on general history English literature and rhetoric; and McClernan on physics, mathematics and botany. All three were crowned by the Mother Superior at the close of the exercises for their lady like deportment, amiability of temper and other good qualities. Miss McClernan who is but thirteen years of age will enter the senior class of the high school next year.

ONLY \$378.80 TO BE RAISED.

School Bonds For \$3,000 Need Not Be Issued By the Council.

EDITOR GAZETTE:—"Citizen" in this morning's Recorder gives us new light on the question of the disposal of the premium money on school bonds. Now then, the council started out to raise \$55,000 for the school board; they only raised, according to "Citizen," \$54,621.20, leaving a balance to be raised by the common council of \$378.80, which makes the amount asked for \$55,000.00. Therefore, if Citizen is correct, the mayor, instead of issuing \$3,000 more of bonds, will only be called upon to issue \$378.80. Is this correct? LEGIS.

ONE MORE SHORT DAY AND VOTING ENDS.

TWENTY-TWO YOUNG LADIES
ARE ANXIOUS.

Ballots Are Rolling In For the Various Contestants and Tomorrow the Struggle Closes—Late Entries Are Making a Hard Pull For the Handsome Prize.

Tomorrow it ends! One more day and the piano contest closes.

At 9 o'clock tomorrow evening the last vote must be in; the fate of twenty-two eager contestants determined. Christopher Columbus has the credit of having discovered America, but who can predict who will get that Shaw piano? or who can say "I have discovered the favorite?" It is fair to hint that there are two "dark horses" in the race, which means that your favorite already named must be carefully looked after.

For the past week the town has been raked with a fine-tooth comb for people who don't take The Gazette. Such folks are scarce, but here and there a family is to be found living in darkness, and to them the score of wide-awake young ladies have directed their steps. When the struggle ends people who don't read The Gazette will be scarcer than ever.

No wonder the contest has been a hot one when the value of the prize is considered. A testimonial which the Shaw Piano Co. has just received as to the merits of its instruments reads as follows:

BUFFALO, JUNE 20.—MY DEAR SIR:—It affords me great pleasure to express my satisfaction in the Shaw piano which I selected for use in my studio. The beautiful tone quality, delightful action and perfect evenness of scale, all combine to make it an instrument worthy of the highest praise. The Shaw pianos at St. Margaret's school, which have been under my observation for several years have been severely used and still retain their original qualities as well as show remarkable power of standing in tune. The Shaw Piano Co. are to be congratulated on their magnificent instruments. Very truly yours, JOHN LUND, Leader Buffalo Symphony Orchestra.

Pretty good endorsement isn't it. The piano is all right. The Gazette is all right, and your favorite will be all right if you will only do your part. The candidates now enrolled are as follows:

Ainslie, Tina
Baker, Bessie
Baldwin, L. M.
Clifford, Alice M.
Eldredge, Rose B.
Ennis, Mary
Frink, May
Foster, Lillie
Gifford, Alice V.
Gibbs, Maria J.
Holt, Ellen
Huggett, Miss Olive
Hayward, Minnie
Keayon, Cora
Kastner, Alice
Loucks, Franc
McGilligan, Mary
Nichols, Ida
Peters, Nellie
Peece, Bessie K.
Randall, Carrie M.
Wright, Ada V.

1. Any one, anywhere in any state is entitled to vote as often as they can buy a copy of The Janesville Gazette containing the coupon.

2. The lady who receives the largest number of votes will receive as good and beautiful a piano as the Shaw Piano company can make.

3. The contest will close June 30, at 9 p. m. Piano will be delivered as soon as the counting of votes is completed.

4. Any person who will bring the Gazette one new subscriber paid in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

Could anything be fairer? The Gazette wants subscribers. The Shaw piano is seeking friends. Let us rally our energies and make the closing days ring with hurrahs for the favorites.

THE COTTON CROP OF THE WORLD.

HOW IT IS DISTRIBUTED AMONG NATIONS.

Diagrams Showing How Our Neighbors Are Supplied—Texas Grows More Than Any Nation and Almost as Much as the Other States.

THE PLANTERS OF the region south of the Potomac and Ohio seem disinclined to resort to intensive or variety farming to better their condition, but they still continue to plant cotton as their almost exclusive crop, while the price sinks, year by year, below the point of profitable productiveness. Texas, because of its enormous area, produces more cotton than any other state—more, in fact, than any foreign nation, and nearly as much as all the world outside the United States. The other Gulf states push it closely in the amount of cotton grown by each, and the produce more than twice as much to the square mile. Circular

COTTON CROP OF THE WORLD.

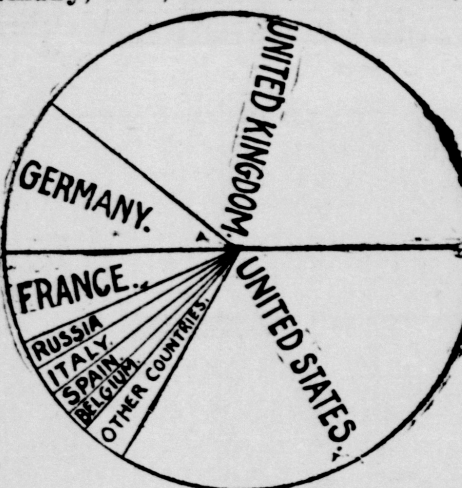

diagram No. 1 shows the annual cotton crop of the world by countries of production.

The United States manufactures only about one-third of its own cotton crop, as is shown by the following sphere divided into segments indicating its distribution among the various countries of the world.

The total cotton crop of the United States in 1889 was 7,434,657 bales, and the entire value was about \$375,000,000. In 1892 the crop was the largest ever raised, reaching a total of 9,038,707 bales, but its market price per pound was so much less than that of 1889 that its aggregate value was smaller. The average value of the cotton crop is about one-tenth that of our entire agricultural product.

The cotton crop of the world is about 4,628,000,000 pounds; this is manufactured in various countries as follows—the figures representing millions of pounds:

Great Britain, 1,530; France, 310; Germany, 378; Russia, 369; Austria-

Duchess of Edinburgh.

There is not much beauty of feature in the face of the Duchess of Saxe-Coburg-Gotha (Duchess of Edinburgh), but there are much intelligence and strength of character in her expression. This Russian lady has been an admirable wife and most careful of mothers. She has devoted herself to her young daughters more completely than most mothers who are not of imperial birth. She has been with the little girls at their studies and their amusements alike. She has drilled them in drawing, played the piano accompaniments to their violin performances, supervised minutely their reading and examined them in their studies at regular intervals. She has carefully trained their intellects, not permitting them to neglect the graver studies for the more frivolous ones. It is thought that the third sister, Princess Alexandra, will enter the ranks of matrons next year, and that will leave the duchess with only one daughter at home. This is Beatrice, a pretty little maid of 10.

THE DUCHESS. Grant's Memoirs.

T. C. Crawford, writing in McClure's Magazine for May, says of Gen. Grant's memoirs: "Never was there a more brilliant success following such labor. No book written in this country has ever returned such a large reward. At the time of this writing the Grant family has received from the royalties, paid by the publishers of the work, over \$440,000, and the sale still goes on."

Trouble Along the Welland.

The announcement that the Canadian government intended to class the old Welland canal created consternation all along the line. Public meetings were held denouncing the arrangements and it is thought now that possibly the canal will not be closed.

HARPER'S HISTORY OF THE WAR

Harper's Pictorial History is universally recognized as the best history of the war yet published. This superb work has never been sold for less than \$16 to \$30. It has been sold only by subscription and but a very few men have been able to buy it.

The pages are the same size as Harper's Weekly and the work contains all the illustrations appearing in that great paper during the war. The work was edited by Richard Grant White and Henry M. Alden and is authentic, complete and reliable.

We have made arrangements whereby we can furnish Gazette subscribers with this splendid history of twenty-six parts at ten cents a part. These twenty-six parts will contain over one thousand war pictures and will make two handsome volumes when bound.

Many official documents of priceless historic value are quoted in full in the copious foot notes, such for instance as Lincoln's inauguration speeches, articles of federation of the early states, constitution of the United States, ordinance of secession, and many important papers, speeches, etc. The war story is consecutive and very fascinating. The introductory chapters, leading up to the struggle, and the chapter on the reconstruction period, are by some of the first writers of the age.

Worn Out in Harness.

In the harness of every day, business work men and women wear out prematurely. For some of us it is not easy for others, again, it is impossible to get out of harness. It is the inflexible yoke, the strongly forged unbreakable shackle of imperative servitude needful to our selves and those most dear to us. The weight of it often bows many of us into the grave before our time, but it is undoubtedly true that there is a means of rendering the burden then less onerous and of mitigating the ailments that unrelenting toil—especially of a sedentary kind—has a tendency to produce. Overworked clerks in counting houses, mill operatives, bookkeepers, type writers and others (testify to the reviving, restorative effects of Dr. Stetter's Stomach Bitter, and its power to renew physical and mental energy when overtaxed and on the wane. Dyspepsia, falling vigor, rheumatic, bowel and kidney complaints yield to this beneficent medicine, which is a preventative of malaria and counteracts the effects of exposure in inclement weather.

Per order county republican committee.
W. T. VANKIRK, Chairman.

Of course Mr. Cleveland wants free coal and free iron for his friends composing the Whitney syndicate, and it is not surprising that he should use his influence to get it while the tariff bill is in conference. Perhaps he and Dan Lamont may have some personal interest in the Whitney syndicate.

There are lots of people who share the opinion of Congressman Hatch, of Missouri, who lately said that when Harter, of Ohio, retired from the house: "there will go out more egotism and less ability than have ever before been combined in one man."

The state of Florida should not be held responsible for the bad manners of Senator Call, whose feet, without shoes, were for several hours, the most conspicuous object on the floor

of the senate. His head never will make him conspicuous.

The worst snub of all was Tammany's refusal to have Congressman Breckenridge talk at its Fourth of July pow wow. A man whose morals are too bad for Tammany will have to look to the hereafter for congenial companionship.

It would seem that there are more people who vote in New York who should not vote than there are people who neglect to exercise their right of voting. Hence a compulsory voting law is not what is wanted.

Secretary Gresham said the talk about sending him to the senate from Illinois was absurd. The state convention seemed to think the same way.

The administration seems to be leaning very heavily on the Wall street bankers, as well as on the sugar trust.

They should no longer be called populists. Socialists they are and socialists they should be called.

Aged Robber Goes to Prison.

High Grade Shoes.

ever offered for sale in Janesville. For the last year or two prior to May 1 last, we had other business to attend to. We neglected our shoe business and we did not do the business we were capable of doing and from lack of attention the people went elsewhere. Commencing May 1st we began to tell the people what we had for them, and we proved every assertion with the goods. The result is we have no trouble in keeping five salesmen busy. Our business has more than doubled and is increasing every day. The people are with us. They know when we tell them a shoe is so and so that assertion is true. Ask them. We can, will and are buying high grade shoes, the best made for less money than any shoe house in the city. We are selling them for less. We have the money to do it. We take advantage of all discounts, and give all these items to the people.

MRS. JUDE LAPSES AND IS HELPLESS

EVANGELISTIC CURE DOESN'T
APPEAR TO LAST.

She Declares She Is In Worse Condition than Ever—Miss Obrist Visits Numerous Sick People—Challenge From Beloit and Rockford Ball Players—Brief Local News.

It seems that the spirit of the Holy Ghost as exemplified by Evangelist Welch, has left Mrs. Marion Jude, of Terrace street. The old lady has suffered a relapse, gone back to her bed, and is worse off than before the visit of the evangelists. "I will have nothing more to do with those evangelists," said the old lady this morning to a caller. "I do not want them to call on me again. If they possessed the power they claim they could cure me instantly. I am worse now than I was before they had called on me." Mrs. Jude has had hundreds of people call to see her. People wondered at seeing her able to sit up after eighteen years' confinement to her bed. Many believed that a miracle had been wrought in this case. Now that the old lady has herself lost faith in the evangelists, and been obliged to return to her bed in worse condition than before, they too, will lose faith in modern miracles.

Yes, the people know the difference between fine shoes cheap, and cheap shoes with a big profit. The first is the reason our trade is double what it was last year. The people keep dropping in on us buying our shoes. We don't even have to invite them, and tell what great "foot fitters" we are. Our goods speak for themselves. Brown Bros. & Lincoln.

BELOIT and Rockford ball players think they can teach the Athletics a thing or two about ball playing and next Sunday they will try it. They have challenged the Janesville boys and have agreed to play on the Bower City grounds. Between Beloit and Rockford a very good nine ought to be formed.

COLOR LINE DRAWN ON A LAKE BOAT.

CHARLES W. WOODS ABUSED
ON THE PEERLESS.

Young Man Well known in Janesville Objects to the Way He Was Used By the Steward—Forcibly Prevented From Breakfasting With Two College Mates.

Charles Winter Wood, a colored student of Beloit college, well known in this city, announces his intention of suing the Lake Michigan and Lake Superior Transportation company for heavy damages, he alleging discrimination against himself on account of his color. The incident occurred yesterday morning on the steamer Peerless, lying at the Milwaukee dock.

Mr. Wood and two white college mates were seated at a table and had just finished eating some strawberries, according to Mr. Wood's story, when the steward entered the dining room and approached the head waiter, who had seated the three young men together at one table and said:

"I thought I told you to seat him," pointing to Wood, "at a table over there," pointing to the rear of the dining room.

"Then," said Mr. Wood, "the steward told me to follow him. I asked him what he wanted of me. Thereupon he put his hand upon me and took the chair from under me. I asked him why I could not be served. He said on account of my color and that he was acting under orders from the general office at Chicago.

Six Years at Beloit.

Mr. Wood, who is now twenty-three years of age, has been attending school at Beloit for six years and will graduate next year. One of the white gentlemen with him is a classmate and the other is in the next class below them. Mr. Wood appears to be very gentlemanly and he certainly is a young man of culture. He continued his trip on the Peerless, but as he could not eat at the same table with his college mates he took a supply of provisions along with the purpose of eating in his own state room.

Will Sue for Damages.

As soon as he returns to Chicago, he says, he will sue the company for damages. He states that his attorney will be either Luther Laffin Mills or Congressman Mason of Chicago, with both of whom he is well acquainted. He behaves very modestly and is highly spoken of by those who know him. He has a number of friends in Milwaukee. His complexion is so light that he can hardly be termed a mulatto.

It Will Be No Cooler.

Forecast: Fair with continual high temperature tonight, Saturday and probably Sunday.

CHAT FROM NEAR BY TOWNS.

Can Almost Lift a Mortgage.

J. C. Sharp, of Delavan, has invented an improved stump-puller. The machine is designed for clearing land in Oregon and Washington of the monster timber of which that country is famous, and is therefore of immense strength and power. It is something new from a mechanical standpoint and is powerful enough to raise a national debt.

Lightning on a Wire Fence.

Lightning struck the wire fence of Ed. Shepard, in Troy, Walworth county, during the storm Sunday, the fluid following the wire around the farm to the barn yard, where Mr. Shepard and his boy were driving in the cows. He was prostrated by the current and lay unconscious for some time, and the boy was also so shocked that he was unable to go to his father's assistance. Three cows were also laid out by the bolt.

Horse Not in Favor of Improvements.

To expedite his business of transporting calves, Tom Newman, of Tibbits, Walworth county, built a calf rack for his wagon, and when he hitched onto it the other day its horrid appearance frightened the horse so that it ran away, demolishing both wagon and calf rack.

Rode a Rented Bicycle Too Far.

George Santerne rented a bicycle of F. A. Parish, of Delavan and rode it to Oshkosh. That was far enough to make Mr. Parish suspicious and he had the bicyclist jailed.

To Tibbie in Heaven.

[On the third anniversary of her death] Three years ago today we closed three eyes In nature's silent, everlasting sleep; The path for two asked, out beneath the skies Was left for one to wander in and weep "Alone" the body shrieks, the spirit cries— "Alone" its echo o'er the prairie dies.

There's not a day in all the three years past, When I have stood not at the mystic gate, Where we two parted—torn apart by fate— My hand from thine, thy heart from mine, to wait As lovers—O how long the drooping hours! To meet again in heaven's happy bowers!

And cruel Scythe of Time, why haltest now To stay? The straw is ripe, the head is bent; The weary pilgrim has performed his awe, And standing on this mortal battlement, Waits for the Archer's deadly arrows' trim, To wing their fatal path way straight for him.

Can I do wrong to long to be with thee, The partner of my soul in all I know? There is more glory in thy love for me, Than all that fills the universe below. That only touches on a mortal line, While thy sweet love's immortal and divine,

And at that gate where we two parted, will I stand and ever call thy precious name, Until my voice is lost and breath is still, One with thee in the spirit life and flame; And watching, waiting at that mystic gate, It cannot be long ere I shall meet my mate.

But O, this mortal life, I had forgotten, So vivid seems with all its care and sorrow, Is but a child's illusion here begotten, That ends upon the brighter, coming morrow. Its only tears that blind the broken-hearted. O no, sweet one, we never, never parted!

This mystic gate's a mist upon my eyes, This mortal panorama's but a show, Love is of God; it never, never dies, The only thing we really feel and know.

Among all gentle hearts and all lands, Its consciousness alone eternal stands, I lift mine eye and heaven's light doth open The starry doors through other skies to thee, If I but wear upon my breast the token, Thy blessed love long since hath given me. There's nothing, God hath spoken, that can come Between two hearts whose soul-life is but one.

Politeness Unexpected.

Politeness is not always lost, even in the street car, pessimists to the contrary, notwithstanding. In a Back Bay car recently two ladies simultaneously arose near the door to make their exit. The younger politely drew back and gave the elderly lady the right of way. The latter was evidently astonished, for she said, loud enough for half the passengers to hear:

"Thank you, miss—I am not accustomed to such chivalrous conduct on the part of men in the street cars and certainly would not look for it among my own sex."

The young lady blushed her acknowledgements and hastily left the car.—Boston Journal.

PULLMAN CAR CAME WITH THE LIMITED

THE VESTIBULE NOT HINDERED
BY STRIKERS.

One Authority Does Not Believe There Will Be Any Trouble As the Men Feel Very Kindly Toward the Management—C. M. & St. P. In Difficulty.

The south bound limited on the Chicago & Northwestern, which arrived here at 6:15 this morning had a Pullman sleeper in its make-up.

"I hope there is not a man in the employ of the Northwestern company fool enough to make the company trouble at this time," said a prominent railway man this morning. "During all this stringency in money matters and in business the company has never hinted at a cut in wages, and has at the same time kept all the men at work possible. The company has always endeavored to use the men white, and I would feel very sorry to see any of the men attempt to interfere with the business of the company at this time."

Report came up last night that four engineers in the Chicago yards were discharged last evening for refusing to obey orders of the yardmaster in switching Pullman cars into trains. It is also reported that the Northwestern men as a rule show very little sympathy for the strikers in their acts of violence.

Pullmans May Be Dropped.

The officials of the Milwaukee and St. Paul road are reported to be convinced of the advisability of dropping from its trains the only two Pullman cars in use on their line.

The strike of railroad employs resulting from the American Railway union boycott of Pullman cars is spreading rapidly. Dispatches from Chicago say that the Chicago, Milwaukee, and St. Paul system is to be tied up and that men are already leaving work. There are as yet no signs of a strike in Milwaukee and Supt. McKenna says that he expects none, for the St. Paul owns its sleeping cars.

A dispatch from Chicago at noon says:

"Not a car was moving from Chicago, Milwaukee & St. Paul road. No suburban trains came or went out this morning, and at Western avenue, where the trains were made up, no men were at work. Inspector Lewis had thirty police there guarding the company's property.

"Eight hundred men employed in the Northwestern shops, near West Fortieth street, struck.

WANT PAY ON A MEAT BILL.

Joseph Loeb and Phillip Gundel Have Garnished L. C. O'Brien.

The case of Joseph Loeb and Phillip Gundel against L. C. O'Brien, garnishee, is on trial to-day in the circuit court. There is about one hundred and thirty four dollars involved besides costs, being the amount of a meat bill, credit being given to William Allen, late landlord at the Franklin house. Allen sold out, disposing of some of the property to O'Brien, who is garnished by plaintiffs.

A FAMOUS RESORT.
Hot Springs, Garland county Arkansas, has been a resort for invalids since the first cabin was built in 1809. Legend identifies these springs with the "Fountain of Youth" of Ponce de Leon. The town and springs are on a reserve of four sections set aside by congress in 1832. There are seventy-one springs in number, with a total discharge of 335 gallons per minute. The well-known efficacy of the water in the treatment of chronic cases of the skin, joints and mucous membranes, is due without doubt to their temperature and not to their mineral constituents. The waters are no doubt beneficial in cases of neuralgia and rheumatism but the great remedy, Sanspareil, sold by all druggists is guaranteed to produce more favorable result. Don't experiment with inferior remedies Try Sanspareil for rheumatism, neuralgia, headache, tumors, wens, goitre, sprains, sore throat, inflammation of the bowels, etc.

Wild Cherry Phosphate, a delicious temperance beverage. Directions: One teaspoonful of Wild Cherry is sufficient for an ordinary half pint glass. Sweeten with a teaspoonful or less of sugar. To make a gallon of beverage, use 2 to 2 1-2 ounces of Wild Cherry and a pound of sugar. The most convenient for every day family use is to make a syrup. To a 25 cent bottle of Wild Cherry use 1 1/2 pounds of sugar and 1 pint of water, hot or cold; mix all together until sugar is dissolved, then strain through cotton. One to one-half ounces of this syrup in a glass mixed with cold water makes a delicious and healthy drink, the same as we serve at our fountain every day.

BANDEAU AND MONOCLE.

Anomalies and Curiosities of the Fickle Fashion Goddess.

At what shall we hesitate in these days of anomaly? A certain authority devotes half a column of small type to a discussion of the effects of the revival of the bandeau—that smoothly plastered arrangement of the hair in which it is parted in the middle and brought down over the temples and ears in the fashion of Evangeline pictures—which it says is right at our doors, and in the next breath announces the arrival of the monocle. Was there ever such a combination? Conceive Evangeline sporting a single eyeglass and holding it in position by contortions of the cheek and eyebrow!

Since Turkish towelings have been brought out in lightweights and dainty

colors and sold by the yard it has been utilized for various purposes other than washcloths and bathrobes. The ornamental varieties are at present employed for loose dressing sacks made with bell sleeves and tied together with ribbons matching the pink, blue or yellow stripes of the material. These are cool and comfortable garments, well suited to the season, and as they do not have to be either starched or ironed the laundering is a simple process.

It is said that chateaines are again coming into fashion, the natural consequence of the universal popularity of the belt. No doubt they will be worn by a great many women of acknowledged good taste, but there is nevertheless always a suggestion of vulgarity about any article of clothing or personal ornament that rattles or jingles, a hint of the aboriginal savage who delights to decorate himself with strings of clattering beads and bits of clinking metal. Perhaps when humanity reaches the higher stages of evolution it will wear no jewelry whatever and will regard gems and metal work in the light in which it now considers paintings and statuary—as things of beauty not suitable for purposes of bodily adornment.

The latest development in wraps consists of two full capes of moire mounted on a yoke and bordered with jet. The lower cape has two long stole ends in front that reach almost to the bottom of the skirt and are finished with jet fringe. A torsade of moire fastened at the shoulders by rosettes outlines the yoke, and a bow of black satin ribbon with floating ends unites the torsade in front. JUDIC CHOLLET.

AN UNMASCULINE GOWN.

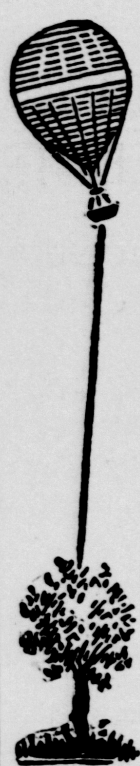

It is of Serpent Green Serge and Velvet and is Extremely Handsome.

The objections to a fashion of dress for women more nearly approaching the masculine style are mainly sentimental ones, and that is why they are so hard to overcome. A demurrer founded upon apparent reason may be logically proved to be wrong, but to fight a sentimental theory is like contending with the wind. If the persons who disapprove of trousers costumes for women possess that most uncommon of attributes—common sense—they will say honestly: "We acknowledge that the ordinary style of dress for women at present is inconvenient and hampering in all ac-

GREEN SERGE COSTUME.

tive occupations, but we maintain that it is more dignified and reserved than trousers, and we dislike the latter because they are ugly, unbecoming and ungraceful. Women are the beautiful half of humanity, and we like to have them appear such just so far as is possible, for there are none too many beautiful things in the world at the best." However, personal liberty is better even than beauty, and whether women wish to dress in trousers or skirts they should not be molested nor made afraid. Each individual best knows what garments suit her means, position and occupation and should be left to decide the matter for herself without interference. The adoption of the divided skirt or knickerbockers by no means argues the use of cigarettes, swear words and intoxicants, although these indulgences are equally meritorious in men and women. A woman of perfect propriety and refinement of mind may dispense with petticoats, since their absence merely proves that either she is engaged in some peculiarly arduous employment or that her artistic perceptions are atrophied, neither of which facts indicates a moral blemish. A sketch is given of an entirely unmasculine gown of serpent green serge. The skirt is draped lightly on each side and finished at the bottom with rows of stitching. The corsage is of velvet to match, dotted with white. The draped figaro fronts of corn lace fall over wide revers of white silk. The wide belt is also of white silk. JUDIC CHOLLET.

IT STOPS THE PROGRESS of Consumption. The makers of Dr. Pierce's Golden Medical Discovery are certain of it. They've proved it for years past—and they're willing to sell it with the agreement that if it doesn't benefit or cure, in every case, they'll return the money. Consumption is that scrofulous condition that comes from impure blood. The "Discovery" prevents it, if taken in time; cures it completely, if you haven't waited too long; gives relief and comfort, even in advanced cases. Use it in severe, lingering Coughs, Asthma, Weak Lungs, and every Bronchial, Throat, and Lung Affection. D. C. ROSENBAUM, Esq., of Dutch, Granger Co., Tenn., writes as follows: "I had been going down in strength and weight for months. I was not able to stand and I smothered very often. After taking 'Discovery' my cough was relieved, I could walk three miles without trouble, catching cold don't distress me now. As long as I live I'll praise 'G.M.D.'"

Unconscious Sarcasm.

They were two fishermen of the purely sportsmanlike type. As they were making their way to the scene of their hopes they met a boy, a small boy, with a carelessly-trimmed branch from a tree thrown over his shoulder. In one hand he had a tin can, and about the branch was festooned a fishing line. "Hello, my boy!" exclaimed one of the visitors; "going fishing?"

The lad surveyed, with envious eyes, their neat costumes, the handsome poles furnished with shining reels, and all the rest of their equipment, and replied, with a sigh: "Nope. I ain't goin' fishing. I'm jes' goin' down to catch some fish. See?"

The Various Elements.

"What are the elements?" asked a Texas teacher of a pupil. "Air, fire, water and whisky."

"Why do you call whisky one of the elements?" "Because when pa comes home full of whisky ma says he is in his element."

"There is one element you have omitted entirely. What other element is there besides fire, air and water?" "I dunno."

"Why, what do we stand on?" "Stockings,"—Alex Sweet, in Texas Sittings.

Medical Item.

Dr. Jones was present at a little social gathering held at the mansion of a leading citizen of Harlem. The little daughter of the host ran to the doctor and said: "Doctor, won't you give me a dose of medicine for my little dog?"

"Why, is he sick?" asked Dr. Jones. "No, but I heard pa say something the other day about throwing medicine to the dogs."—Tammany Times.

A Mistaken Idea.

She was reading over the column of marriage notices. "It can't be true," she said, "that marriage is a lottery."

"And why not?" asked the young man with her. "Because there is a law against advertising lotteries, and look at this," she replied, handing the paper to him. —Cincinnati Enquirer.

He Was There.

"Are there any gents in this office?" inquired the visitor, politely, as he essayed to get past the vestibule into the office of the Consolidated Brick-Dust company.

"I think," said the smart young lady stenographer, eying him significantly, "I think there is just one."—Chicago Record.

WOMEN MUST SLEEP.

SO SAYS MEDICAL AUTHORITY.

Serious Results of Sleeplessness, and the Way to Avoid It.

[SPECIAL TO OUR LADY READERS]

If you are dangerously sick, what is the first duty of your physician? He quiets the frightened nervous system, he deadens the pain, and you sleep well.

Men fall by the wayside, victims of over-strained mental activity.

Friends ask, "What is it?" and the answer comes in pitying tones, nervous prostration.

Thousands of women tremble on the brink of the same precipice.

A little more pressure; some sudden grief, real or even imagined unkindness from loved ones, and over the brink fall one more victim of nervous prostration.

It came upon you so quietly, in the beginning, that you were not alarmed. But when sleep deserted you night after night, until your eyes fairly burned the darkness, then you tossed in nervous agony, praying for sleep.

You ought to have known when you ceased to be regular in your courses, and you grew so irritable without cause, that there was serious trouble somewhere.

You ought to be told that indigestion, exhaustion, womb displacements, fainting, dizziness, and backache send the nerves wild with affliction, and you cannot sleep.

Want of sleep gives birth to a thousand morbid fancies of the brain.

Lydia E. Pinkham's Vegetable Compound for twenty years has saved women from all this misery. It is the certain cure for all derangements peculiar to women. It has saved them from torments for years, and it will save you. Go to your druggist at once: soon you will be well and sleep like a child.

Foremost Baking Powder in all the World.

1893

World's Fair Medal and Diploma

AWARDED TO

Dr. Price's Cream Baking Powder

The highest award was given on every claim, comprising superiority in leavening power, keeping properties, purity and excellence. The verdict has been given by the best jury ever assembled for such a purpose, backed by the recommendation of the Chief Chemist of the United States Department of Agriculture, Washington, D. C., who made an elaborate examination and test of all the baking powder. This is pre-eminently the highest authority on such matters in America.

This verdict conclusively settles the question and proves that Dr. Price's Cream Baking Powder is superior in every way to any other brand.

NOTE—The Chief Chemist rejected the Alum Powders, stating to the World's Fair jury that he considered them unwholesome.

"The Autocrat of the Breakfast Table."

DR. PRICE'S CREAM BAKING POWDER is the standard for purity and perfection the world over, and is beyond comparison. Its purity and goodness are household words. Always full weight. Never varies. Never disappoints.

Dr. Price's is peculiarly adapted for export, as neither long sea voyages nor climatic changes affect it. Will keep fresh and sweet for years.

It is a fact that certain envious manufacturers of Baking Powder, who lacked the temerity to even place their goods in competition with Dr. Price's Cream Baking Powder at the World's Fair, have, since it closed, advertised that they actually received an award. To an enlightened, appreciative public, comment on such an unfair and reprehensible act is quite unnecessary.

How Cream of Tartar Is Made.

Cream of Tartar—which enters so largely into the manufacture of Dr. Price's Cream Baking Powder—is obtained from the tart wines of France, Germany, Austria, etc. The Crude Tartar, called Argols, is deposited on the sides of the wine casks during the fermentation of the wine. After the wine is drawn off this crystal deposit is removed, dried and exported to America, where the elaborate process of refining goes on, producing the snow-white crystals of Cream of Tartar. Specimens of this product, in all its conditions, from the crude Argols in its original wine cask to the purified and refined article embodied in Dr. Price's Cream Baking Powder, were shown at the Price Baking Powder Company's late exhibit in the Agricultural Building, World's Columbian Exposition.

NOTE—The Cream of Tartar Refinery controlled by the Price Baking Powder Company is the most complete and extensive in the world.
